they will just get a
neon sign that says
"HOSPITAL" and
nothing else. They
won't know what to
expect. They'll be
doomed.

But you can save them.
You can help them.
You can make a
difference.
You can be the
difference.

The most needed
people need the
most help.

The book "Helping the
Person with a Brain Injury"
by Dr. John E. Hovda
and Dr. R. Michael
Hovda is
available
through
